Selection criteria for existing/additional projects:

- 1.) Projects that have environmental documentation (NEPA, SEPA, ESA, etc.) complete or nearly complete.
- 2.) Projects with permits and environmental mitigation needs that are complex to moderately complex.
- 3.) Projects that are in a design phase in 03/05, with construction in either 03/05 or early 05/07.
- 4.) Projects that are not already substantially in the permit "pipeline," our goal is not to cause a delay to projects.
- 5.) Projects that represent an opportunity to accelerate.
- 6.) Other projects as appropriate.

Completed MAP Team Projects - highlighted in green

Projects likely to avoid MAP Team permitting process - ~~strike through~~
